REPORT ON MALARIA CONTROL IN BELUR TOWN

The sanction of Government for starting antimalaria work in Belur Town at a cost of Rs 1,650/- for temporary measures was communicated in letter No L 10433/M1 48-38-169 dated 7th June 1939 from the Secretary to Government, Law Department The provision of Rs 1,650/- includes the following items of expenditure

1	One Asst Sanitary Inspector in grade Rs 25-1-35 Rs 30 plus Rs 5/-	Rs 420/-
2	Labourers on Rs 10/- each	600/-
3	Paris Green	500/-
4	Contingencies	130/-
	Total	Rs 1,650/-

The control work with paris green spraying was started in August 1939

The spleen survey of the town has been regularly done every year

Statement showing the Spleen Rates Before and After Control Work

Year	Sp Rate
1938 (Before Control)	49 4
1939 (After Control)	26 6
1940 "	20 2
1941 "	22 3

The slight increase in 1941 may be attributed to the cessation of Paris Green operation for a period of three months as the larvicide was not procurable then

As the reduction in spleen rate before and after the control measures is a significant one, it is necessary that the present work of control by paris green be continued Further
